EISENHOWER LIBRARY

STAT

(1/29/82) says Eisenhower Library has just relayed the following concerning its holdings:

- CIA serially numbered reports about 4000 documents. They are proparing a list which they will forward to us in about 1 month.
- Other CIA originated material about 4000 pages of memos, cubler, etc.

 These are already degregated and waiting for us to review.
- In addition, there are "sizeable" but as yet undefined holdings of Thite

 House originated material, USIB documents, and Psychological Strategy
 Board files.
- Operations Coordinating Board material 59 cubic feet (about 120,000 pages), which he says we will have to go through page by page. (Truman Library, he says, has about 20 cubic feet of this material also.)
- Another assistance the Library wants is advice on composing with their finding aids so as to avoid including classifiled material.
